Messe Frankfurt expands its portfolio of textile-care events with Middle East Cleaning Technology Week

Messe Frankfurt has acquired a majority holding in Middle East Cleaning Technology Week in Dubai, further strengthening its position in the Middle East, one of the fastest growing regions of the world. The fair and exhibition company will organise the event in cooperation with VIS Exhibition and conferences, Dubai. Held annually, Middle East Cleaning Technology Week brings together three trade fairs at the same time and place: Gulf Laundrex for the laundry and dry-cleaning sector, Clean Middle East for the cleaning-contractor segment and Gulf Carwash for the car-care business. The next edition takes place at the Dubai International Convention and Exhibition Centre from November 13-15, 2018.

Wolfgang Marzin, President and Chief Executive Officer (CEO) of Messe Frankfurt, says, "By participating in the trio of fairs, we are enlarging our worldwide portfolio of textile-care fairs. Now, in addition to the world's leading trade fair for the sector, Texcare International in Frankfurt, we also organise two leading regional trade fairs for the sector, Texcare Asia in Shanghai and Gulf Laundrex. Moreover, with the Texcare Forum Russia and Texcare Forum India, we support the exchange of ideas and information in other important textile-care markets."

Almost 150 companies, many of them international market leaders, present their products and services at the three trade fairs. Over 30 companies and the leading international brands were represented at Gulf Laundrex 2017.

Therefore, the participation of Messe Frankfurt in the Middle East Cleaning Technology Week has also been welcomed by Elgar Straub, Managing Director, VDMA Textile Care, Fabric and Leather Technologies: "The Middle East is an important, future-oriented market for our industry and our members, especially in view of the continuous growth in the hotel and tourism sector. We are delighted that Messe Frankfurt has decided to become involved in the organisation of this important event."

60327 Frankfurt am Main

Discussing the benefits of the cooperation, Dr. Kayyum Ali Bohra of VIS Exhibitions, Dubai says, “We anticipate a wide variety of synergistic effects from working with Messe Frankfurt, especially in terms of internationality and sector-specific expertise. As the World’s leading organiser of Trade fairs with a strong base in Dubai, collaboration with Messe Frankfurt in these niche sectors will add value and enhance the experience of the exhibitors.”

Messe Frankfurt and VIS Group also collaborate in the field of textile care in India: the Texcare Forum India conference, which made its debut in January 2018, was held concurrently with Laundrex Mumbai.
